Action Taken Report of Cyber Jagrookta Divas

on 03/03/2022

The NSS Unit of Govt. Degree College Bani organized Slogan Writing Competition on the topic, **"Cyber Awareness"**, to commemorate the **Cyber Jagrookta Divas** held on 03-03-2022. The programme was held under the supervision of Dr. Vishal Sharma, Principal GDC Bani and Dr. Ram Krishan (**Coordinator of Cyber Jagrookta Divas**). Thirty four NSS Volunteers and students of Govt. Degree College Bani participated in slogan writing competition. They highlighted various aspects like **Social Engineering:** When someone uses a compelling story, authority, or other means to convince someone to hand over sensitive information such as usernames and Passwords. An end user with cyber security awareness will have the ability to recognize these types of attacks which improves their ability to avoid them. **Malware**: It is software created and used for malicious intent. It includes a range of software to include but is not limited to viruses, spyware and crypto-jacking. There are various approaches within the cyber security risk mitigating end user program. **Password Management;** A password is a string of secret characters used to authenticate a user's account. Security awareness guidelines suggest presenting requirements for creating a strong password or passphrase. The Principal of the college, Dr. Vishal Sharma appreciated the efforts of the students for their participation and motivated them, for taking part in such events enthusiastically.
